Mikko Laakkonen

**inno**

Aura Chair L is defined by its sheltering high back that creates a secluded niche even in the busiest of environments. The high sculptural form of the lounge chair is a striking architectural element, but it also offers privacy and withdrawal in open plan offices, lobbies and public settings. Aura Chair L is a member of the Aura product family.

Aura product family has been granted the internationally recognized GOOD DESIGN™ 2015 Award – The world's most prestigious, recognized, and oldest Design Awards program organized annually by The Chicago Athenaeum: Museum of Architecture and Design in cooperation with the European Centre for Architecture, Art, Design and Urban Studies.
