

Kola Lounge

Mikko Laakkonen

inno

Kola Lounge is an easy chair that combines a generously proportioned synthetic felt seat with strong steel leg frame construction. This combination of materials allows the chair to offer superb comfort, light weight and durability to lobbies, lounges and waiting areas.

Kola is a family of chairs built around the highly ergonomic form pressed synthetic felt seat that is combined with various leg types to provide versatile seating for diverse spaces. The Kola seat is manufactured of polyester felt and is 100% recyclable. This material is highly durable, fire resistant and easy to clean. It plially adapts to the shape and movement of the body, offering excellent comfort. Optional seat cushion is available in various fabrics. Kola has been awarded with red dot award: product design 2012, Fennia Prize 2012 and Good Design Award 2010.

Height: 720mm

Seat height: 420mm
