

Aura Bold

inno

Aura Bold is an easy chair offering an eye-catching silhouette resulting from its contrasting components: a bold seat on a light –even minimal base. The exposed steel support visible in the backside of the chair provides a nice detail in the design that follows the motif of the Aura product family. Regardless of its bold looks, the chair remains compact in size making it easy to fit in reduced spaces.

Optional wheels and a small tablet add functionality to this lounge chair which can be used in soft-work areas as well as lobbies, hotel rooms or waiting areas.
