

# Lab XL Metal

Harri Korhonen

# inno

Lab XL Metal is a fresh evolution of our uniquely comfortable Lab XL Low easy chair, retaining its generously padded seat and distinctive proportions while introducing a refined, clean-lined metal frame. The new frame gives the chair a lighter, more contemporary character and adds durability for high-use environments. It's the perfect choice for modern lobbies, lounges, offices, and hotels seeking both comfort and a more architectural expression.

The Lab family includes a wide range of chairs, tables, and sofas designed to bring comfort and coziness into everyday working environments.

The Lab XL chair received the internationally recognized GOOD DESIGN™ 2017 Award, and the Lab product family was honored with the GOOD DESIGN™ 2015 Award, presented by The Chicago Athenaeum and The European Centre for Architecture, Art, Design and Urban Studies.

**Height:** 780mm  
**Seat height:** 430mm
